## Look What's New at Canton Chair Rental

### Quebbie Music System

Canton Chair Rental introduces the Quebbie™ Music System. Nicknamed the “DJ in a Box”, the Quebbie™ is a fully programmable, integrated music system that allows you to choose the music for your event. It provides digitally encrypted clear, crisp CD quality stereo sound. With over 6000 songs to choose from in a wide range of categories, it is perfect for promotional events, grand openings, indoor and outdoor parties.

The unit is completely portable and incorporates the latest touch screen technology. You can program the music for an entire event as well as play instant requests on demand. It allows you to create custom play lists and the selections automatically cross fade for continuous music play. The user has complete control and flexibility of the music played.

The Quebbie™ is now available at Canton Chair Rental. Call or stop in for a demonstration and learn more about this unique new concept in music.

### 20-Foot Tall Dancing Air Man

Attract attention far and wide with Canton Chair Rental's new 20' tall dancing air man. Controlled by a powerful electric blower, the brightly colored figure twists, sways and dances high in the air. This hypnotic character is perfect for grand openings, sales promotions, festivals, carnivals or any promotional event that you want to get noticed.

### Fill 'n Chill Party Table

Just in time for summer entertaining is Canton Chair Rental's new Fill 'n Chill Party Table. The 73" x 31" table holds 75 to 100 pounds of ice and will keep food and beverages colder, longer. Easily transportable, the unit is perfect anyplace where

large quantities of food and drink need to be kept cold. Ideal for serving iced hors d'oeuvres, shell fish buffets, salads and desserts. It easily accommodates more than 8 cases of beverages, and tall containers can be chilled in the available tall extension bins. The white skirted table does not sweat so it can be used indoors or out. It is equipped with a convenient drain system and serves as a clever way to display ice sculptures.

### Bussing & Transport Cart

Canton Chair Rental's new Bussing and Transport Cart is both smart and functional. The style is as much at home in front of house applications as it is a workhorse behind the scenes. The tough, durable cart has a 300 pound capacity and features sturdy textured shelves for better grip and heavy non-marking swivel casters. The detachable side trash container and silverware bin are ideal when used for after party cleanup.

### Public Address/Sound System

Canton Chair Rental's new PA/sound system sounds more like a home theatre than a public address system. The unique design delivers high fidelity audio with horizontal projection and remarkable clarity. Ideal for speaking engagements and music vocals. It serves as a vibrant amplifier for CD and DVD players, our new Quebbie™ Music System or any device with audio outputs. The unit includes a hand held wired microphone and heavy duty tripod stands.

## Insulated Food Carriers

Food will stay fresher, crisper and more appetizing in Canton Chair Rental's new insulated food carriers. Their revolutionary design and thick insulation keeps food hot or cold longer. The rugged units are ideal when food needs to be transported or stored in advance of serving. They conveniently hold full and half size commercial food pans, and are ergonomically designed for easy loading, handling, stacking and storing.

## 55 Cup Hot Water Heater

New large capacity polished aluminum 55 cup Hot Water Heater/Server is attractive enough for the buffet table and coordinates beautifully with Canton Chair Rental's 55 cup coffee makers. This new unit heats water in advance of serving and eliminates the need to transfer hot water from another source.

## Stretch Cocktail Table Covers

New stretch fabric covers give Canton Chair Rental's standing cocktail tables a sleek contemporary appearance. Especially attractive when clustered in groupings, the covered tables offer a convenient space for guests to gather when standing at parties and receptions or when used with Canton Chair Rental's handsome bar stools.

## Serving Bowls & Platters

Beautiful spun marble glass platter style bowls and a series of heavy white ceramic bowls in unique shapes and sizes join the Canton Chair Rental collection. The bowls and platters are attractive clustered together or when used alone. A new spiral wrought iron stand is available for the round bowls and provides height and an added dimension to the buffet table.

There is sophisticated party CAD technology available to map out the event and provide an overhead or 3D drawing of the space. They can recommend the most suitable style tent for your location depending on whether it is going to be set up on grass, concrete, asphalt or on a stage.

Canton Chair Rental's tents range in size from a handy 10' x 10' canopy to a spacious 60' by 110' pole tent with many sizes in between.
