

Celebrating the Milestones

There are certain milestones in a person's life that call for a special party. It could be a graduation, birthday, anniversary or significant religious milestone that merits special attention. Whether these celebrations are small and casual or grand and elegant they require advance planning. In this issue of the Home Entertainer we share some tips, trends and ideas for staging a successful party.

Heralding in a New Decade

All birthdays are special, but some are more significant than others. For adults, these are milestone birthdays, you know, the ones that end in zero and make you feel the passage of time. Whether it's a 40th, 50th, 60th birthday party – it is the perfect occasion to celebrate.

Here are some trendy birthday party themes we think are a lot of fun – yet easy to put together.

- When you hit 30 you are hardly over the hill, but this is the age when friends begin to think it's funny to host such a party. For a comic "Over the Hill" party decorate with black balloons, black table cloths and chairs and ask your guests to dress in black attire.

- The birthday flamingo has become a humorous prop for birthday parties. For a surprise birthday party have plastic flamingos scattered all over the lawn when the guest of honor arrives, and inside go tropical with palm trees, vibrant linens and island music to put your guests in a party mood.

- Go Retro! A Studio 54 themed disco party can

provide a lot of memories for those who have reached the half century mark. Décor could include a mirror ball and fog machine, and guests can wear wigs and costumes from the era. Or, go back one more decade and host an Age of Aquarius hippie party complete with incense and peace signs. Scott Costume, a division of Canton Chair Rental, has dazzling costumes from every era from ancient to modern times.

Whatever the party theme - you will need music and Canton Chair Rental's Quebbie™ "DJ in a Box" music system has the music from every dance era in over forty different categories.

School's Out!

Graduation is an exciting time in anyone's life. It's a great accomplishment and we can't think of a better reason for throwing a party. But a family rarely has enough room in their home to host all of the relatives and friends they want

to invite. That's where Canton Chair Rental comes to the rescue. With tents and canopies in a whole range of sizes they have just the right tent to comfortably accommodate everyone on your guest list. They also can convert a garage or unfinished basement into an attractive party room with colorful pipe and draping. If there is a graduation in your family this year call the party planners at Canton Chair Rental. They are currently offering a series of special Graduation Packages that will make planning your graduation party simple and quick.

Honoring a Special Couple

If your wedding bells chimed just last year or 50 years ago, you still want to celebrate your special day. Anniversary parties are special events. Not only do they bring back all the memories of the couple's cherished day, they are also a celebration of the continuing commitment to each other with the opportunity for friends and relatives to join in and show their love and support.

A fashionable trend in anniversary parties today is the slide show or video presentation that highlights the lives of the honored couple. Starting with early images of when they first met progressing on to the wedding and then on to photos of the children and grandchildren growing up. There are a number of companies that now specialize in transferring old 8mm films and slides onto a video tape or disc. Canton Chair Rental's extra large projection screen with beautiful bengaline draping is perfect for viewing these presentations. Suitable for both front and rear projection, the 9' x 12' screen provides an exceptionally wide angle of view with excellent color rendition, contrast image and registration. Canton Chair Rental also has a complete range of audio visual equipment available for use at parties large and small.

Whatever event you will be celebrating this year, it's important to reserve your party equipment early. Fondue Fountains Aren't Just for Chocolate Any More!

Canton Chair Rental's new smaller fondue fountain can add a new dimension to any buffet table. Chocolate has been the most popular ingredient for use in the fountains, but these versatile fountains can also be used to dispense other tempting components such as salad dressing for crudites, barbeque sauce for ribs and chicken tenders, and as we demonstrate here, a luscious cheese fondue.

This recipe has a Mexican flair and can be made as spicy or hot as your palette desires. All you will need to add are some margaritas and Canton Chair Rental's palm trees and you have a party with a south of the border flair!

Fiesta Fondue!

- ✦ 3 lbs. Velveeta Cheese, cut into small cubes
- ✦ 6 cups heavy cream
- ✦ Pinch of cayenne pepper
- ✦ Pinch of salt
- ✦ Adobo sauce (red sauce from canned pureed chipotle peppers)
- ✦ 1-2 cups whole milk

Mix the pepper and salt with the cream in sauce pan and scald. Add cubed cheese and melt over low heat, stirring constantly. Add adobo sauce to taste. Thin to correct consistency with milk.

Set the heat on the fondue fountain set to High. Pour cheese mixture into fountain and turn unit to Start.
