FALL 2008

CANTON CHAIR RENTAL SPECIAL EVENT INDUSTRY NEWS

Helping organizations plan their holiday gatherings is a Canton Chair Rental specialty. Here are some timely suggestions for corporate entertaining:

 Your company office or warehouse can often provide a comfortable setting for a holiday event. Walls and unsightly spaces can be covered with colorful draping and tables and chairs can be set up with vibrant linens to add a festive atmosphere to the occasion.

 When space is at a premium and there is a large group to feed moving the event off premise is a practical way to go. For example, Fitness Quest hosts a holiday luncheon each year for their employees in the McKinley Room in the Canton Civic Center. They depend on caterers to prepare the food and Canton Chair Rental to provide the chafers and serving equipment for the buffet and colorful linens and place settings for the tables. Along with the meal Fitness Quest also includes some form of entertainment during the event. Past activities have included casino games, Karaoke contests, prize drawings, and dancing to the music of a band or DJ.

by dinner for approximately 450 guests and then dancing to a live orchestra. Debbie Boli organizes the annual dinner for the Canton Regency and relies on Canton Chair Rental to assist with the event. "Canton Chair Rental has everything we need," Ms. Boli states, "they deliver everything on time and pick up everything when promised."

If you are responsible for planning the company Christmas party this year you will find your job a lot more pleasant when you remember to invite Canton Chair Rental to the event.

## DECK THE HALLS

The annual holiday party remains an important tradition for American corporations. Whether the event is for customers, employees, or both – a well planned end of year celebration provides a chance for the guests to mingle, socialize and have some fun. The event can be as simple as an employee covered dish luncheon in the office to a formal catered dinner at a hotel or country club.

 When a facility has a spacious formal common area a beautiful event can be staged right on the premises. The Canton Regency Retirement Community has such a facility and hosts an elegant Christmas dinner every year for the residents and their families. The evening begins with an hors d'oeuvres buffet complete with ice sculpture, followed

# GOING THE EXTRA MILE

*Timken United Way Event*

Cocktail and seating areas were set up and elegant linens in black, white and lime provided accent color. Ms. Belden says "Canton Chair Rental was fantastic to work with. Tim and Libby were very helpful in the day to day planning and the on site crew was a joy to work with – they were more than accommodating."

The same sentiments were conveyed by Kathy Lewton of the Timken Company when she called upon Canton Chair Rental to help stage the annual employee talent competition to raise funds for the United Way. The "Timken's Got Talent" show is inspired by a popular television series that showcases the Timken employees' talents while building an awareness of community needs.

The event took place at the Timken Cherry Avenue facility on September 30th in an employee parking area and again on October 2nd at the Dueber Avenue plant with the tents being erected right on 19th street. Logistics involved setting up at four o'clock in the morning then removing the tents and other equipment after the event in a timely manner so the day to day operations of the facilities and the traffic around them were not disturbed. Ms. Lewton said the Canton Chair Rental crews were "amazing!" She cited how flawlessly the set up and take down went at each location and how smoothly the advance planning with the Canton Chair event consultants went prior to the setups.

These are just two examples of how the staff at Canton Chair Rental will go the extra mile to help their customers create the events they desire. When planning your next event make your first priority a call to Canton Chair Rental and see how rewarding the experience can be.

As you are probably aware by now Canton Chair Rental does more than just rent tables and chairs. Our event planners are called upon every day to design unique events in creative settings.

For example at the recent Canton Regional Chamber of Commerce Twenty Under 40! recognition awards celebration a parking lot in downtown Canton was transformed into a festive reception area. Aimee Belden, director of ystark!, and her staff had what she called a tight budget to work with, but with the help of Canton Chair Rental they were able to convert a parking lot into an attractive venue. Site visits were made and CAD drawings created to design an area that best utilized the space. A 20' x 30' tent was erected on the lot complete with chandeliers and carpeted staging.

future rentals already booked are complete.*

*You can create an eco-friendly centerpiece for your holiday table with an arrangement of fresh fruit, holly, evergreen branches and pine cones. Mirrors and a hurricane globe and candle add extra sparkle to the table.*

## Renting - The Ultimate Green

“Going Green” is a hot catch phrase these days. In the last few years Americans have become more aware of the impact our actions have on the earth and event planners are taking notice. Weddings, corporate affairs, backyard gatherings and events of all sizes across the country are jumping on the eco-friendly bandwagon.

The concept of “going green” revolves around the three “R’s” – reducing waste, reusing items and recycling as much as possible. The fourth “R” of an eco-friendly event is becoming widely known as “renting.” Party rental companies such as Canton Chair Rental embody the philosophy of going green. Rental items such as china, glassware, flatware and linens give an event a green focus as all the items will be reused and help eliminate the waste created by their disposable counterparts.

If you are planning to host a holiday dinner party this season consider making it an earth friendly event with these timely tips:

- Use recycled paper for your invitations and thank you notes.
- Serve a menu of locally grown organic foods.
- Substitute paper and foam cups, plates and table covers with reusable household or rental pieces.
- Separate empty cans, bottles and plastic containers for recycling.
- Create your own holiday decorations with natural elements of evergreen branches, pine cones, berries and dried materials from your yard or garden.

By changing just a few common entertaining practices, we can create environmentally conscious events and at the same time make a unique personal statement for the occasion.
