Chafers

Operating Tips:

1. Use only canned sterno fuel in the burner.
2. Fill the water pan of chafer/soup chafer with hot water before lighting canned sterno fuel. To allow adequate room for food/soup pans to rest inside of water pan, do not over fill the pans. Fill coffee urn with coffee before lighting canned sterno fuel.
3. To light canned sterno fuel, pry the lid from the canned sterno fuel, and place canned sterno fuel into metal chafer sterno cup. Light fuel. Then adjust metal chafer sterno cup lid to be approximately half open and put on top of canned sterno fuel.
4. Low flame is sufficient to maintain proper heat.
5. Keep sterno fuel away from open flame or hot stove.
6. Stainless steel food pans can be used for cooking and/or placed in the oven to retain heat.
7. Check water pan during use to maintain sufficient water level.
 - a. **DO NOT USE WITHOUT WATER!**
8. To protect your table linens or serving surface, consider an underliner tray when using equipment that has burners.

Cleaning Instructions:

1. Scrape and wash food/soup pans with dish soap and water. Rinse out inside of coffee urn. Never use harsh abrasives.
2. Dump used sterno fuel cans out. **DO NOT THROW AWAY METAL STERNO CUP HOLDERS AND LIDS THAT CAME WITH THE CHAFER, THEY NEED TO BE RETURNED TO CANTON CHAIR RENTAL!**
3. Please return all parts supplied with the chafer to avoid additional charges!!
